Second Reports Push Chest Fund Total To \$51,800

Community Chest Workers
Report \$14,783 More At
Meeting At Noon
Today

NEXT REPORTS ON WEDNESDAY

Community Chest workers made a little better than fourteen on second down today. That is to say, the report at today's meeting, the second report meeting of the Community Chest Campaign showed a total of \$14,783. Added to the first report of \$37,016, a grand total of \$51,800.

The next report meeting will be held Wednesday, October 27, when it is hoped the goal line will be much closer than it is as of today.

Rev. C. A. Smith Gets Bonnet

For reporting the largest percentage of his total today, Rev. C. A. Smith, chairman of the Charity and Miscellaneous schools division was awarded Chief Red Feather's red bonnet. On him looks good.

General Chairman Sidney L. Lockley introduced Rev. F. P. Sulmonetti for the blessing upon the meal today. There were no speeches and the reports started immediately at the close of the meal.

Pa Newc Observes

Residents of various sections of the city were attracted by a strange halo-like circle around the sun on Thursday afternoon. The circle was multi-colored, resembling the rainbow in many ways.

Early risers about the city were very much surprised to find the temperature several degrees warmer this morning than they found on Thursday morning.

It's your turn. Red Feather services work for you all year 'round. Now's the time to help keep them going... give today through your Community Chest.

Several sheets of a red raspberry bush were brought to The News office yesterday by Mrs. John Kallala of E. D. C. Despite recent frosts, the bushes are now bearing large berries. Mrs. Kallala said that her plants regularly produce a large crop in the spring and again in the fall.

The city's squirrel population is looking carefully for nuts, corn and other goodies that they might store away for the coming winter months when food will be difficult to find. Numerous tame squirrels in the East Side section come and take food from the hands of those offering it to them. Corn cobs stuck on trees are good means of supplying the animals with food.

Blackberries in October! Thursday morning while tramping back of his house, F. E. Barber of West Washington street extension found a nice cluster of blackberries which were just ripening. The leaves of the plant had been tipped by Thursday's early frost but the berries were good and solid. The berries can be seen in The News lobby.

Few Men Pass In Draftee Groups

Rate Of Acceptance From County
Found About Same As In
Other Areas

Although the number of men accepted from the two draft boards in Lawrence county has not yet been made public, it is understood that the number accepted was about on a par with previous experience with the percentage from other boards.

The two boards here, County Board 96, and City Board 87, have been notified by the Pittsburgh examining office of the number who were accepted, but no data for their induction has as yet been received here. They will have three weeks for preparation before induction. It is stated, and they are expected to be called up some time next month.

FIRST D.P.S. ENROUTE

BREMERHAVEN, Germany, Oct. 22.—(INS)—The first 313 displaced persons to be admitted to the United States under a special act admitting 200,000 immigrants are enroute to America today.

Developments In Korea Being Closely Watched

By JOHN A. REICHMANN
(U. S. A. Staff Correspondent)

WASHINGTON, Oct. 22.—United States officials closely followed developments in Korea today for a possible hint of Soviet design which may prove important in Germany as well.

For reasons yet unexplained, the state department has received only most fragmentary reports on the disturbances which resulted in the imposition of martial law in Korea.

First Degree Verdict Given

Life Sentence Is Faced By
Clark Hill, Medina, O.
In "Love Potion"
Murder

MEDINA, O., Oct. 22.—(INS)—Clark Hill, found guilty of first-degree murder in the "Love Potion" death of Jeannette Weimer, was held in Medina county jail today, pending his removal to Ohio penitentiary.

A three-judge panel last night recommended mercy for the 19-year-old youth, whose life had been demanded by the state. A life sentence thus became mandatory.

After more than four hours deliberation, the verdict was read at 8:25 p. m. (EST) by Medina County Common Pleas Judge Windsor E. Kellogg, who summoned Prosecutor William G. Batchelder, Jr., and defense counsel Raymond E. Bennett to the judge's chamber after the decision was announced.

Judge Kellogg said later that all parties were pledged not to discuss the conference.

Hill was found guilty on one of two counts—murder by poison; and not guilty on the count of premeditated murder. A third count in the indictment, murder in the attempted preparation of rape, had been dismissed Wednesday.

Deaths Of Two May Be Murder And Suicide

CHICAGO, Oct. 22.—(INS)—Authorities investigated today the possibility that an attractive Chicago cosmetics clerk was murdered by her lover who later committed suicide.

The bodies of the victims, George Reading, 46, of Detroit and Mrs. Jessie Beck, 33, were found in an overflowing bathtub yesterday in a near Northside Chicago hotel.

An inquest into the deaths is scheduled today.

Will Take Votes In Chest Contest

Saturday from 9:30 a. m. to 5:30 p. m. Girl Scouts will be on duty in front of the Pennsylvania Power company window at 19 East Washington street to take your vote for the best coloring in the Community Chest contest in which nearly 4,000 children in the first six grades entered and submitted their entries.

The contest is now narrowed down to 67 and the public is invited to indicate their vote for the best-colored poster in each school grade. Prizes will be awarded to the winners at the next luncheon report meeting of the campaign. See the excellent work of our school children and vote tomorrow between the hours of 9:30 a. m. and 5:30 p. m.

Dewey To Make Twenty Speeches To End Campaign

Four Major Talks Are
Scheduled In Final Drive
Starting Tuesday

By WILLIAM THIES
(U. S. A. Staff Correspondent)

NEW YORK, Oct. 22.—Gov. Thomas E. Dewey will end his campaign for the White House with a series of about 20 speeches, including four major talks. The GOP presidential nominee, according to a schedule announced by his aides, will open his home stretch drive Tuesday night in Chicago. The last leg of his campaign will take Dewey into six states.

This tossed out the possibility of a Monday night speech at Detroit, urged by a number of party leaders who believe the battle for Michigan's electoral votes is so close.

Undeclared Diamonds Found In Air Crash

LONDON, Oct. 22.—(INS)—British customs officials are investigating today the possibility that jewels found aboard the Dutch plane which crashed and killed 30 yesterday were smuggled goods.

Some \$40,000 worth of diamonds, not declared in the plane's cargo, was found near the wreckage of the Royal Dutch Airlines plane near Prestwick, Scotland.

Officials are trying to trace the ownership of the gems.

General Clay Makes Return Trip To Berlin

Takes Presidential Authority
For Increase In Berlin
Airlift Program

NEW YORK, Oct. 22.—(INS)—Gen. Lucius Clay, U. S. commander in Germany, took off for Berlin today with presidential authority to expand the air lifeline of supplies into the beleaguered city.

The general left Mitchell field shortly before 2 a. m. EST after a series of conferences climaxed by President Truman directing the air force to provide up to 66 more four-engine C-54 transports for the airlift.

This would bring to about 270 the number of huge planes carrying supplies through Russia's blockade of the German city.

Authorization Announced
The White House announced the authorization without comment Thursday night but qualified aviation sources indicated it was to assure uninterrupted supply of Berlin through oncoming winter weather.

Gen. Clay said earlier in Washington that the airlift was capable of supplying minimum essentials to blockaded Berliners "indefinitely."

He repeated this last night in a talk at the Alfred E. Smith Memorial Foundation dinner in which he also declared that Russian-

Korean Troops Drive Against Rebel Forces

By FRANK EMERY
(U. S. A. Staff Correspondent)

SEOUL, Oct. 22.—Air-supported government troops smashed today at several points of continuing rebel resistance in South Korea.

One loyal army column reached Yosu, cradle of the revolt now raging through its third day. Another government force battled in Suncheon to recapture that rail city from the insurgents.

Other Army contingents pushed into the Chiri mountains in close and convergent pursuit of strong insurrectionist units that sought cover in that rugged range. More than a dozen planes were used to seek out rebel groups in the mountains.

Fighting appeared to have flared at additional points as United States Occupation Army headquarters in Seoul told of reports that

Order Hostilities In Palestine To Halt

(BULLETIN)

TEL AVIV, Oct. 22.—(INS)—Official Israel reports advised today that fighting in the Negev desert of southern Palestine came to an end at 7 a. m. EST today in accordance with a cease-fire request by the U. N. security council.

By BENN FELLER
(U. S. A. Staff Correspondent)

TEL AVIV, Oct. 22.—Israeli and Egyptian forces were ordered by their governments to halt hostilities in the Negev at 7 a. m. EST today.

The instructions were sent out

in accordance with the cease-fire order issued by the United Nations Security Council.

Both governments confirmed to Acting Mediator Dr. Ralph Bunche in Paris that cease-fire orders effective at noon GMT had been issued to their troops.

Fighting Raged
Stiff fighting raged right up until the cease-fire hour, with the Israelis reporting that Egyptian forces in southern Palestine opened a counter-offensive.

The Israelis themselves reportedly drove into the outskirts of Bethlehem after stiff all-night

WASHINGTON, Oct. 22.—President Truman's fighting campaign, which will see him making six major speeches next week, was pitched today on charges of "union busting" leveled at the Republicans.

Tomorrow, Mr. Truman will swing through Pennsylvania by plane, speaking at Scranton, Wilkes-Barre, Johnstown and Pottsville.

But the big salvo of his campaign closing are to be fired next week during another marathon tour, details of which were announced last night.

Ten Former Nazi Guards Hanged

LANZBERG, Germany, Oct. 22.—(INS)—Ten former Nazi SS elite guardsmen convicted of war crimes were hanged today at the Landsberg prison.

Those executed included Alex Piorowski, former commandant of the Dachau concentration camp.

The hangings were carried out on schedule despite a last-minute appeal to President Truman to grant a further stay of execution.

The appeals for a stay were made by both Catholic Bishop Anton Neuhäusler and Bigelow Boyson, former army major who acted as defense counsel.

Brown Is Named Head Of Legion

Texas Veteran Elected As
National Commander At
Miami Convention

LEGION DRAFTS
PENSION DEMAND

By JOHN E. HENRY
(U. S. A. Staff Correspondent)

MIAMI, Fla., Oct. 22.—The American Legion, ground up its 30th annual national convention in Miami today with the old guard still in command.

Some 30,000 Legionnaires named as their 1949 national commander

was S. Perry Brown, 54-year-old Beaumont, Tex., veteran of both world wars, before adjourning.

The election was declared unanimous by acclamation on a motion by the Texas' closest rival for the post, James F. Green of Omaha, Neb., a 53-year-old World War II lieutenant colonel.

Green had lost by a vote of 2,179 to 1,262.

A third candidate, George H. Craig of Brazil, Ind., yielded his state department's 130 votes to Brown and withdrew with only six other ballots to his credit before the final tally.

Pension Demands Made
The Legionnaires drafted a program demanding pensions for veterans of both world wars during their four-day convalescence.

Choice of the site for the next convention was placed in the hands of the executive committee which meets next month.

Five vice commanders were selected. They are James Land, Huntsville, Ala.; Leonard W. Moody, Marianna, Ark.; James A. Collins, Columbus, Miss.; Edward J. Kelly, Taftville, Conn.; and Walter E. Alessandrini, Philadelphia.

The Rev. Tom Gries, a Methodist minister from Carmarillo, Cal., was named chaplain.

Calls On Russia To Lift Blockade In Berlin At Once

Formula Is Presented In Effort
To Solve Problems
In Berlin

AWAIT ACTION BY
SECURITY COUNCIL

By PIERRE J. HUSS
(U. S. A. Staff Correspondent)

PARIS, Oct. 22.—A peace-making resolution calling on Russia to lift the Berlin blockade at once and for solution of the city's currency problem by Nov. 30 was offered to the U. N. Security Council today.

An immediate showdown again was deferred when the Security Council was adjourned until 9 a. m. EST Monday without voting on the resolution.

Acting Chairman Juan A. Brahmuglia said the adjournment resulted from the request by "one or two delegates" that the Big Four nations be given a few days to study the text.

The formula eliminates any one demand of the Soviets for their Berlin blockade as a means to peace.

The resolution calls for an immediate meeting of the four major powers to discuss the Berlin situation and to bring about a four-power peace commission.

It sets a deadline of Nov. 30 for full circulation of Soviet currency and withdrawal of the western troops from Berlin.

Calls For Big Four Meeting
It calls for a meeting of the Big Four council of ministers within 10 days after that, on a date mutually agreeable to the four powers.

Their task would be to discuss not only Berlin but the entire problem of Germany's future.

The resolution thus sought to bring about peaceful discussions on basis satisfactory to both sides. Immediate lifting of the blockade has been the principal western power demand. A meeting of the Big Four has been Russia's greatest concern.

Drafted by Acting Chairman Juan A. Brahmuglia of Argentina, the resolution called upon the United States, Great Britain, France and Soviet Russia to prevent anything which might aggravate the present situation.

The resolution was read to the

You needn't go broke for a birthday gift. It needn't be anything grand, just as you give it with hearty good will and give with an open hand. It isn't the gift in itself that counts, not money or jewels or gold, for often times an expensive gift will leave the recipient cold. It's the feeling that counts and the way it's done that regard you have over the years, when it's given in love and sincerity, it will last the entire year. There's a little gift due for a birthday, not much, I am forced to state, but a lot of love which to birthday gift, the weather is this day.

N.S.A. CHAPTER DINNER PROGRAM

New Castle Chapter of National Secretaries Association held their October dinner-meeting, Thursday evening, in a downtown dining room, followed by an interesting program for women, the theme—"Reflections From the Looking Glass."

Clever favors marked each place and were tiny mirrors decorated with orange crepe paper to form cases, casting the reflection of each person seated.

Miss Dorothy Sokovitz, cosmetician of Strouss-Hirschberg company presented the program following the meal. In keeping with the theme of "Reflections From the Looking Glass," Miss Sokovitz gave demonstrations accompanied by an explanatory address on cosmetics, beauty care, and helpful hints.

Miss Florence Davis, president later presided, and the discussion was held for the regional meeting of the N.S.A. to be conducted at Hotel Sheraton, Pittsburgh, Pa., December 4-5. Several members from the local chapter expect to attend.

The meeting adjourned until Thursday, November 18.

WALMO KENSINGTON LUNCHEON GIVEN

Walmo Kensington met Wednesday afternoon for 1 o'clock luncheon in the home of Mrs. Thomas Nesbitt, Wilmington road. Covers were laid at a large table in the dining room and a smaller table in the living room with fall flowers as decorations.

During the afternoon an informal social time was enjoyed with recipe exchange carried out.

Mrs. Harry Jones, a former member, was a special guest.

In serving, Mrs. Norman Lamm of Sharon assisted her mother. On November 17 the Kensington will meet in the home of Mrs. Ralph Nevel, Wilmington road.

PLAN RECEPTION FOR ANNIVERSARY

In View Of News Of The World

By J. C. OESTREICH, INS Foreign Director

The death of Field Marshal Walter von Brauchitsch in Hamburg recalled today the tremendous inroads that execution, suicide and natural causes have made among top German militarists since the war.

And with the air so filled with the potential dangers of another world conflict an arresting question arises:

"Who could lead the still tremendous manpower of Germany in the event that some ill-starred act set in motion again the grinding wheels of war?"

The Soviets and their satellites have made the frequent charge that the allies are seeking to rebuild Germany as a huge cog in an atomic war machine.

Middle European Buffer

Other observers sympathetic with the western struggle against the growth of Communist imperialism, look realistically upon Germany as a middle European buffer against the Orient that perhaps should be transformed into an iron wall to protect the democracies from Soviet encroachment.

It being almost axiomatic that only Prussian junkers trained in the old imperial war college can lead German troops properly, the issue arises of what men could take the place in an emergency of the first-line marshals and generals who have gone.

There have been some exceptions to the rule of aristocratic German generalship. There was Field Marshal Erwin Rommel, of course, but he never was on the general staff and actually found himself at a loss when he tried to command a whole army corps or group instead of a small striking force such as in North Africa.

And, as a matter of fact, Rommel is dead anyway, presumably a suicide by Adolf Hitler's orders because of his failure to halt the Normandy invasion.

Most of the military and naval men originally executed at Nuremberg were not of great importance from a long-range view of German arms. They were for the most part "yes-men" called in by Hitler to seal agreement to his "intuitions."

The real junkers of the general staff were an entirely different type. Their monacles and broad red stripes down the legs of their trousers were no figments of a Hollywood imagination but a very real and powerful thing in enduring German military discipline on classic Von Clausewitz standards.

But their war college in the Bendlerstrasse of Berlin is not even there any more. It went the traditional way of allied bombing targets. Unlike the Nazis, who preserved records of their own insanity, the general staff is believed

to have destroyed all of its offensive and defensive plans long before Berlin's fall.

Von Brauchitsch, who was awaiting trial as a war criminal, is merely the latest in a long line of graduates from and teachers in this vanished military college to disappear.

Some of the best, such as Hans Von Seeckt, was out of the picture before Hitler's war began.

Frank B. Rowell

The conflict itself took an early toll when former chief of staff Werner Von Fritsch was shot to death in the battle of Warsaw, presumably by Gestapo men at Hitler's behest.

There were other eliminations—Von Blomberg, for example, who was "purged" for an unfortunate marriage and Field Marshal Erwin Von Witzleben, who was among eight hanged for participation in the bomb plot against Hitler in 1944.

Many of these proud old aristocrats such as Col. Gen. Otto Von Stuelpnagel, who served as military governor and social arbiter of Nazi-occupied Paris, committed suicide.

The few who are left are in feeble health and most of them are facing trial.

It may be untrue but it is legend that many German war plans never were committed to paper but trusted solely to the encyclopedic minds of the chosen few of the war college. Should German military genius ever be needed again it may prove to be the most difficult thing in the world to find.

Stassen Campaigning For Dewey

WASHINGTON, Oct. 22.—A great deal of oratory of one sort and another has poured through the microphones since that night last May when Gov. Thomas E. Dewey and Harold Stassen at their famous debate in Oregon on Communism in the United States and what to do about it. Dewey had the more popular side of that argument; he handled himself more skillfully and it gave him the slight edge necessary to win in the Oregon primary.

Stassen had pushed Dewey hard. Defeat in Oregon might well have cost the New York governor the nomination at the Philadelphia convention. The Stassen threat compelled Dewey to go out to the Pacific northwest and engage in a grassroots, county-fair campaign for Oregon's six electoral votes.

Stassen Aides Dewey

Yet today Stassen and Dewey are as close as two such ambitious men could be. The feeling in the Dewey campaign is that Stassen is contributing more to the campaign than any single individual aside from the candidate himself.

Stassen is campaigning in most of the states where senatorial seats are in doubt. He is speaking particularly at universities and before groups of younger voters and veterans where his appeal is greatest.

On the Dewey team there is full appreciation of the Stassen all-out effort. The realists around the New York governor realize that Stassen had a following among independent voters and, therefore his situation would be further complicated. Then Senator Arthur H. Vandenberg, who would be merely ranking minority member of the Foreign Relations Committee, might be seriously considered for the post.

A brilliant practitioner of the bipartisan foreign policy, Vandenberg would be sent equipped to get along with a Democratic majority in the Senate. Should that happen, John Foster Dulles, Dewey's closest adviser on foreign policy, would be likely to replace Warren Austin as head of the U.S. delegation at the United Nations.

administration—if he wants it. The last is a significant proviso.

Seeking Understanding

Dewey and Stassen, at their meeting in July, came to understand each other very well. Stassen confessed his errors with a contrite heart. He admitted that his conduct at the Philadelphia convention was outside the benevolent forgiveness of the older and more experienced man who recognizes his adversary's real capacities in spite of the blunders of impetuous youth.

It turned out, in short, to be a love feast. Within the kindly Dewey view it is conceivable that Stassen will succeed Dewey in the White House after two Dewey terms. The difference in their ages—Stassen is 41, Dewey 46—would make this perfectly feasible.

As to the immediate future and a job in Washington after January 20, the two friends may well end up in agreement that it would be unwise. Stassen accepted the presidency of the University of Pennsylvania only a few months ago and his departure so soon would have an odd look.

Would Prove Difficult

Moreover, the choice of a position would be likely to prove difficult. Stassen has hinted that he would be interested in only two jobs—secretary of state and secretary of defense.

Candidates for the State Department are already lined up from Dewey's private office clear out to the steps of the Capitol at Albany. If the Democrats should get a majority of the Senate, the situation would be further complicated. Then Senator Arthur H. Vandenberg, who would be merely ranking minority member of the Foreign Relations Committee, might be seriously considered for the post.

A brilliant practitioner of the bipartisan foreign policy, Vandenberg would be sent equipped to get along with a Democratic majority in the Senate. Should that happen, John Foster Dulles, Dewey's closest adviser on foreign policy, would be likely to replace Warren Austin as head of the U.S. delegation at the United Nations.

One Man's Opinion

By Walter Kierman

Joe Louis evidently was inspired by the Truman campaign when he announced that he too would fight any of three men.

But he was careful not to say that he would take them all on at the same time.

Mr. Louis could have retired undefeated but the temptation to risk a shellacking extends even into fight circles.

TO ONE AND ALL!

The Community Chest is expanding again. Let us willingly meet our quota, and then: Give as we never gave before.

It's for a worthy cause we must agree. That's why everyone will give: don't you see? So give all you can, then, give a little more.

Our people have never failed us as yet. I'm sure they won't do it now on a bet. For the Chest needs our help as you know.

We're still a free people, keep it that way. No matter what other nations do or say: You will find that spirit where ever you go.

We'll do all we can to keep Peace in the world. Our old Red-White & Blue must keep unfurled: Regardless of what happens from now on.

The road is still rough, it won't be for long. For God knows we're right, they are wrong: After November 2 you'll find the links has gone.

Our nation will start on the upward trend. Instead of inflation, prosperity will never end: We will show the world Democracy will live.

It will take a little time, you understand. Instead of bucking, we'll work hand in hand: And proving to the world, it pays to give.

Sunny Side Of Airlift

(By Helmut Alexander)

WASHINGTON, D. C., Oct. 22.—No matter what the Berlin airlift finally costs us, it will cost the Russians a good deal more. We have already got our money's worth in good-will propaganda. Operational almost tell me that the Lift is even more valuable in terms of practical experience. We have accidentally found the incentive that was needed to push air transportation over the hump where it has been sitting since the end of the war.

Using what we have learned in well over 100 days of operation, Air Force has now established SOP (Standing Operational Procedure) by which we could set up a Lift anywhere in the world. In less than four months we have advanced several years in the know-how of supplying a fighting force or carrying relief to areas in distress from flood, fire, famine and other calamities to which the human race is heir.

Special School Established

Although the Berlin Lift may end any day, Air Force has established a special school at Great Falls, Montana, for intensive training in Lift procedure. Trainees make daily flights over "hump" of the three Berlin corridors. This type of "familiarization" course was used with great success in North Africa just before the famous low-level raid on the Ploesti oil fields. The Great Falls mock-ups could be changed on short notice to simulate Lift flying over any territory on earth. Thus if the Russians blockade Vienna, as has been feared, or if the Communist armies infest one of the large Chinese cities, we are ready for almost instant action. The Great Falls school is geared to turn out 100 crews a month, far more than we need for replacements at Berlin.

Most laymen think of the Lift as the short, 307-mile hop between Frankfurt and Berlin. But we are also maintaining a long-haul hop from Westover Field (Mass.) to Berlin. This long-haul is the feeding line to Europe-based planes. Aircraft engines are the standard cargo, for the planes in Germany are almost constantly in flight. Recently the transoceanic Lift carried over the biggest piece of apparatus ever to be airborne. It was a \$175,000 GCA set (Ground Control Approach) to help beat the weather beat the weather this winter in Berlin landings.

Lift Planes Are Not Armed

European Lift planes are not armed, but they carry cameras which record otherwise hard-to-get facts about Russian fighter aircraft, anti-aircraft artillery, paratroop tactics and ground movements. Soviet stupidity is also forcing us to learn more and more about global weather—the deadliest enemy of airmen in peace and war. Weather intelligence is being codified by the Defense Services. This will make it much easier for the N. S. to bomb or feed Soviet populations, whichever the Russian leaders force us to do.

Also, the obliging Russians have pushed us to expand airlift capacities beyond our own belief. C-54's on the Lift now average 9.5 tons a trip. But Air Force recently tested some C-74's which have averaged between 19 and 20 tons per trip in air corridor flights.

Vast Expansion Of Capacity

Not content even with this vast expansion of capacity, Air Force ordered the C-74's back to the Douglas plant for modifications. When the planes come back into service this winter, they will have increased their gross load by another 15 per cent.

Thanks to the Russians, U. S. military unification is becoming a reality. Under MATS (Military Air Transport Service) the generals and admirals are finding it hard to play the Army-Navy game at the Pentagon Building. The old jealousies are being liquidated.

Before the Lift, Army planes did 50 per cent of the Atlantic flying, 75 per cent of the California to Hawaii flying and 53 per cent of the Far East flying. These finely-divided priorities were pettishly guarded. But now the Army is performing the Lift, the Navy is flying the other routes, and the big brass never, never (well, hardly ever) squabbles about flying privileges any more.

Another Change Is Seen

The Lift has also worked wonders with the performance of Washington-based desk officers. In the plush days after the war, Army C-54's made eight non-stop flights per week to the coast. This was a great convenience to officers with dates and other semi-official duties in Hollywood or at the Santa Anita race track. But with the C-54's concentrated in Germany, cross-continent flights are down to three a week and are made in antiquated C-47's which land four times during the trip. The only domestic flights not curtailed are for air evacuation of hospital cases.

All in all, the Berlin Lift has been a real boon to American aviation. If we are forced to carry on through the winter, we shall profit that much more. From December through February contact flying in the corridors averages from 6 to 16 days a month. Cold fronts move across the area on an average of twice a week. Snowfalls occur about nine days a month, and icing is a constant hazard.

But with nervy, skilful flyers and ever-improving equipment, we are learning to overcome these dangers. The longer we fly the Lift, the further we outdistance the Russians in the expensive but indispensable science of aviation.

THE SLAVE LABOR LAW

The Taft-Hartley law is now a year old. This is the "slave labor law" which, according to some Union heads, was going to wipe out all of labor's gains, destroy unionism, and introduce Fascism to America. But as the anniversary rolls around, one looks in vain for the prostrate, bruised and battered form of the Trade Union movement. As a matter of fact, the victim looks strong and expeditious.

Employment is at a record high, and Union membership actually has grown during labor's first year of "enslavement." Prices are high for everyone, including Union members. Yet many Unions find their pay is up, too. Some of the big ones have received a third round of increases.

The closed shop is gone, but the Union shop remains in place where the members vote for it. This gives the employer more discretion in his hiring. But since the Union shop requires a worker to join the Union or lose his job, the union keeps coming in to the treasury as they did before.

continuity of defense policies at least in a transitional period of several months. The pressure comes from sources that Dewey cannot ignore.

As president of a great university, Stassen will have a forum and he will certainly keep in the news. He would be eligible for special missions or to head the kind of commission that Dewey might appoint to look into some vexing problem. Then when the proper time comes and a suitable vacancy occurs, Stassen's friend in the White House could put him in a key position.

That, at any rate, is the way the two friends see it as of today. To paraphrase an old saying, ambition makes strange bedfellows. Dewey and Stassen have so much in common that their understanding is not at all surprising.

THE WORLD AND THE MUD PUDDLES

secretary of defense. This is essential, so the argument goes, for Union representation in a great majority of bargaining elections.

To be sure, the Taft-Hartley law has worked individual hardships. Its provisions prevented Joan L. Lewis from calling out the country's mine workers and putting a strangle hold on our commerce. The same provision kept the railroad Unions from accomplishing the same result, only much faster.

The law has also offered some embarrassment to certain Union officials by demanding that they swear that they are not Communists before their Union can have access to the National Labor Relations Board. This very embarrassment, however, has aided the membership of several Unions in some

long deferred housecleaning of officers who have been more interested in promoting the party line than the members' welfare.

In short, it can safely be said that the Taft-Hartley law has worked no great hardship on labor's rank and file.

Some Union executives are still saying the same bitter and extravagant things about this law that they did a year ago. But we believe that the honest and intelligent dues-payer, looking back over the past year, will find it hard to discover his chains of enslavement.

The Taft-Hartley law, like many other laws, is not perfect. But its apparent purpose and effect are sound; to bring the day-to-day pattern of Union activity more into harmony with our whole economy and society. The management of commerce and industry have operated for quite a while under some broad government restrictions. Now labor also has a set of rules to go by.

Emergency Landing Device Invented

Philadelphia Man Says Invention Will Aid Pilot's Escape

PHILADELPHIA, Oct. 22.—(AP)—A Philadelphia inventor has invented a mechanism which experts say has solved the pilot's bugaboo—the emergency landing.

The device, which simply moves a movable weight to the tail of the plane, makes landing a short space, mud or snow, almost foolproof.

Shifting the weight rearward makes landing easier—easier of more than 50 per cent of plane crashes by small craft—a virtual impossibility.

Predicts Real Service
Jacob Spiegel, a baldish man in his fifties, predicts the gadget, "SafeLand," will do for aviation what hydraulic brakes did for the automobile—reduce the danger of crashes to a minimum.

Spiegel said the mechanism can land a plane in less than half the space normally required for a safe landing.

The device has been approved by the Civil Aeronautics Authority for most small planes, Spiegel said.

Spiegel first became interested in mechanics in his native Russia. He came to the United States in 1916 and became interested in aviation in 1927 when he learned flying in Philadelphia.

By 1929 he had built an entire plane designed for slower land-

ings. Later he invented an air-foil wing tip device to give planes lift, so that they could take off in shorter spaces.

Got The Idea
Spiegel got his idea for a safer landing device shortly after the outbreak of the war when he heard of the near-crash landing of a plane with the then Secretary of Treasury Henry A. Morgenthau aboard.

"I thought at the time that the country almost lost a valuable public servant at a critical time just because the pilot feared to make an emergency landing," Spiegel said.

After experimenting with different size weights, Spiegel perfected the method in which the

weight moves on a track inside the fuselage, released by a control handle.

Tests showed, Spiegel said, that planes thus equipped can drop over high obstacles—such as trees or wires—and come to a stop within a 100-foot circle.

Spiegel said negotiations are in progress with the Army Air Corps for equipping training planes with the device.

Y. M. C. A. NOTES

During the first three days of the "Y" down the Mississippi swim contest 4,755 lengths of the pool were swum by local participants. The index, however, in this nationwide tournament is only 39 per cent locally because of the small number of men taking part in the contest.

Non-swimmers at the "Y" are

enrolled in a swimming club known as the "Splashers". As soon as the boys can swim a length of the pool they are promoted to "Minnows". This week Sam Carrouthers, Mert Soderstrom, Dick Ungar, David Todd, David Clark, David Otto, Donnie Thompson, Francis Fazio and Richard DeVincentis successfully navigated one length and are now "Minnows".

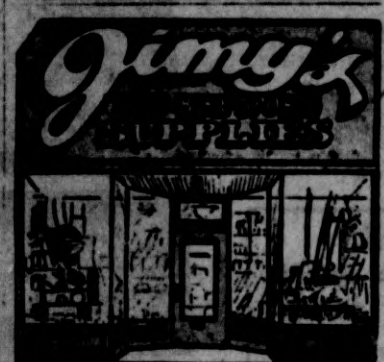

Business men's volley ball classes are now meeting regularly

Tuesday and Thursday noons, and Monday, Wednesday and Friday between 5 and 6.

Health Examination
At Mahoning School

City Doctors Conducting Examinations Of Pupils Parents Requested To Be Present

On Thursday morning at Mahoning school, health examinations of the pupils commenced, and is expected to continue for 15 days. The examinations take place in the morning and are conducted by Dr. F. W. Guy and Dr. T. M. Shaffer. The classes being examined are 1, 3, 5, 7 and 9. Every child of school age is examined medically and dentally every two years. Thursday morning, pupils of No. 9 class were examined.

Monday morning examinations will begin with No. 1 class, and the school is desirous of having the parents attend during the period their child is being examined. Parents have been notified of the time when their children will be examined.

Missionary Groups
Near Miss S. McKee

At Mahoningtown Presbyterian church there was a joint meeting of the Opportunity Circle and M. E. G. auxiliary on Thursday evening.

The meeting opened with a song service. The devotional exercises were conducted by Mrs. J. T. Miller. Miss Irene Scheideman gave a vocal solo, entitled "The Lord's Prayer," accompanied by Mrs. Robert McClurg, who furnished instrumental music throughout the evening.

Mrs. Wade Daugherty showed 50 stereoscopic slides. Miss Sara McKee, secretary of the Foreign Mission Board, and a member of the Second U. P. church, gave a very interesting talk on her three years experiences as a teacher in Egypt. The pictures shown were taken by Miss McKee in that country. Mrs. M. Baker, who was also in Egypt, was a special guest.

Refreshments were served at the close by the social committee. Mrs. L. M. Wilkinson, Mrs. J. M. Frew, Mrs. Eva Drumheller, Mrs. Lew Wettich, Mrs. Wade Daugherty, Mrs. Clifford Comstock, Mrs. J. T. Miller and Mrs. Ernest Farver.

Attend Funeral
Of Former Resident

Mrs. Domenick Velucci of South Wayne street and Paul Fusco of West Wabash avenue have returned from Elizabeth, N. J., where they attended the funeral of Joe Fusco, a cousin of the latter.

Joe Fusco was a former resident of the ward, and was pensioned about a year and a half ago by the Pennsylvania railroad. He left during the summer of 1947 to reside with his brother in Elizabeth, at whose residence he passed away. He was a social member of Christopher Columbus society.

Mabel Wilson Lodge
To Meet October 26

Members of the Mabel Wilson Lodge No. 567 will have their regular meeting on Tuesday evening, October 26, at 8 o'clock in St. Margaret's hall, North Liberty street. October birthdays members will be celebrated during the evening. Hostesses will be Mrs. George Tribby and Mrs. Philip Thomas.

SEVENTH WARD NOTES

Mr. and Mrs. J. Maron and son of Fenburg have returned after visiting with Mr. and Mrs. R. E. O'Donnell of North Ashland avenue. Joe Naples of 215 Montgomery avenue is confined to New Castle hospital, where he is receiving treatment.

Sam Balmey of Darlington avenue has left for New York City, where he is vacationing with friends.

John Robinson, clerk at Mahoningtown post office, who has been ill for a few days, has returned to duty.

At the home of Mrs. Thelma D'Amico, Mt. Jackson road, the Brownies Girl Scouts No. 52 will assemble this evening from 7 to 9 o'clock.

Members of the Davis Bible class of the Mahoning Methodist church will have a halloween party and masquerade at the home of Mrs. James Kennedy, North Lafayette street, Saturday evening, October 23, at 8 o'clock.

Mr. and Mrs. A. F. Stritzinger of 600 West Clayton street will be hosts on Saturday evening, to members of the B. O. G. club.

Mrs. Wade Thompson of 401 West Madison avenue, has returned from a visit with her son Jack, in Pittsburgh.

Frank Nocera, seaman apprentice, is on 15 days leave visiting with his parents, Mr. and Mrs. Fred Nocera, 608 West Clayton street. He is stationed at Great Lakes Naval Training Station, Ill. Frank was a student at Geneva college and was the first to leave New Castle on a one-year enlistment.

With New Castle
Afro-Americans

Senior Usher Bear of the Second Baptist church met on Wednesday evening at the Elm street "Y" with Mrs. Odessa Jones and Mrs. Ella Hawkins as hostesses.

Sunshine Kensington club will be entertained at the next assembly in the home of Mrs. Esther Burris, Shenango street. Mrs. Burris was devotion leader when Mrs. Addie Brown was hostess at the Elm street Y. W. C. A. After a splendid musical program was offered, Mrs. Brown, aided by her daughter, Lillian Brown; her niece, Willie May Taylor, and Virginia and Lottie Minor, served lunch.

Ballots Printed
For ElectionsSeven Choices Listed For
Voters In Their Selection
Of PresidencyOTHER EVENTS
COURT HOUSE

Ballots for the November 2 election in Lawrence county are printed and are being received by the Board of Elections.

From the size of the ballot the indications are the vote can be counted fairly fast this year, barring some unusually heavy voting. It is anticipated there will be a heavy straight ticket vote in the two major parties, which will facilitate the count.

For president and vice president the voter has seven choices. Thomas E. Dewey and Earl Warren are the Republican nominees. Harry S. Truman and Alben W. Barkley are the Democratic nominees. The Prohibitionists have nominated Claude A. Watson and Dale H. Lears. The Industrial Government has for its nominees Edward A. Teichert and Stephen Emery. The Militant Workers, Farrell Dobbs and Grace Carlson, the Progressive party, Henry A. Wallace and Glen Taylor and the Socialist party, Norman Thomas and Tucker P. Smith.

There are candidates for state wide offices on some of the tickets other than Republican and Democratic, but their vote will be scattered and small.

The Republican candidate for state treasurer is Charles R. Barber and the Democratic ticket candidate is W. J. Lane. For Congress the Republicans have Louis E. Graham, and the Democrats, Andrew G. Katcher. For auditor-general the Republicans have Weldon B. Heyburn and the Democrats Ramsey S. Black. For state senator the Republicans have Harold F. Seidel and the Democrats Samuel Gunnett Neff. For General Assembly, first district (New

Castle) the Republicans have James C. Brice and the Democrats Joseph R. Henney. In the second district the Republican candidate is William H. McCullough and the Democrats Ted E. Shields.

ELECTIONAL VOTES
In order to win the presidency a candidate must have carried at least 268 electoral votes. There are 531 votes. In the event no candidate gets a majority of 268 or more, the contest goes into the hands of Representatives.**MARRIAGE LICENSE APPLICATIONS**

SAVES WOMAN'S LIFE
PITTSBURGH, Oct. 22.—(INS) A palster for the Duquesne Light company in Pittsburgh was credited today with saving a 35-year-old crippled woman from burning to death.

He is Harry George, 45, who ran across the street from where he was working when he heard screams, and found Miss Sadie Sims enveloped in flames.

George ripped the flaming clothes from Miss Sims and beat out the flames with his bare hands.

Miss Sims, in a serious condition from third degree burns, said her clothing ignited when she reached over a heater.

REBEKAH CHAPTER HEARS MISSIONARY

Rebekah chapter of the First U. P. church met in the church Tuesday evening with Mrs. J. C. Gliffillan, Mrs. G. A. Black, Miss Grace Browne and Miss Dorothy Beckwith as hostesses.

Opening prayer was made by Mrs. J. E. Leonard, who also presided at the business meeting. Devotions and prayer cycle were conducted by Miss Harriet Smith, with prayers offered by Mrs. Floyd Lott and Mrs. W. H. Hanna.

Miss Mary Browne, who had charge of the program, introduced Mrs. James Cummings, speaker of the evening. Mrs. Cummings, a missionary on furlough from Rawalpindi, Pakistan, spoke of the work at Gordon college and how miraculously they and the native Christians have been kept safe since the outbreak of war in that country.

At a later hour an auction of home products was held, with Mrs. Lyle Hughes as auctioneer. Proceeds from this will go into the missionary fund for November.

G. D. OF A. COURT DINNER ON MONDAY

G. D. of A. members of Court Terrell, Room No. 231 have planned a covered dish dinner for Monday evening, October 23, at 6:30 o'clock in St. Mary's auditorium. This event is being held instead of the hayride previously planned.

Reservation cards received by all members are to be returned by Saturday evening, October 23. After dinner, an entertaining program has been arranged, and bridge, 500 and contests will be featured.

The G. D. of A. dance committee will meet briefly after the program Monday night.

The committee in charge of the covered dish dinner includes: Mrs. Mary Brown, Mrs. Frances Donnelly, Mrs. Wanda Zarilla, Mrs. Mary Reider, Mrs. Ann Wallace and Mrs. Marie Jones.

Army Continues Recruiting Work In Spite Of Draft

Emphasis Still Placed On Recruiting Of Volunteers, Captain Weddle States

Heavy emphasis will still be placed on the recruiting of volunteers by the U. S. Army, despite the Selective Service. Captain Charles E. Weddle, commanding officer of the New Castle U. S. Army and U. S. Air Force recruiting main station announced today. The Army is making a special drive to increase its three year enlistments.

"A great many people," Captain Weddle explained, "misunderstand the purpose of the draft law. It is designed solely to fill up the ranks with men who cannot be obtained by the volunteer recruiting method."

"The fact is, a larger army means a need for additional leaders. We would like to draw those leaders from among the men who would like to make the army their life work."

"Many young men who will be drafted are uncertain what sort of a profession they want to follow. The army is going to make a real effort to sell them on a military career. We are going to show them, for one thing, that few professions offer the educational opportunities that the military does."

For example, Captain Weddle added, "the army has the largest educational program in the world—the United States Armed Forces Institute. USAFI offers more than 450 courses in elementary, high school, vocational, technical and college fields. What this program means, is that young men, who for one reason or another, find it im-

possible to continue their education in civilian life, can improve their education and at the same time learn the profession of soldiering.

Complete information about the army educational program can be obtained from the local recruiting office, room 202 Post Office Building or the U. S. Army and U. S. Air Force Recruiting Main Station, Room 400 Frew Building, New Castle, Pa.

DeWitt Clinton, promoter of the Erie canal, was three times mayor of New York City, although not consecutively, and twice governor of New York state. He was born in Little Britain, N. Y., in 1760, died in 1828.

**Tifereth Israel
Holiday Services**

**Point Of Solemn Assembly Starts
Sunday Evening To Mark
Special Services**

Festival of Shemini Atzereth, known as the Feast of Solemn Assembly, will be ushered in on Sunday evening, October 24, with a special religious service at Tifereth Israel Synagogue at 8 p. m.

The traditional Yizkor Memorial service will be held on Monday morning, with Rabbi Jules Lipschutz officiating and Rev. Baruch Kar channelling the holiday liturgies. An additional prayer will be chanted, the prayer for rain, which is known in Hebrew as "Geshem."

Since the fall and winter season are the rainy periods in Palestine, it is proper that special liturgical prayers be chanted for the blessings of a full measure of rain during this season. This solemn prayer is read before the sacred open Ark, with the congregation standing throughout the service. Two scrolls are taken from the ark for the reading on this day. In the first the section from the fourteenth chapter of Deuteronomy, Deuteronomy, verse 22, to the seventeenth verse of Chapter sixteen is read. The reading from the second scroll is taken from the book of... Beidder Numbers Chapter 29:35 to 38:1. The prophetic portion to be read is from King I, Chapter 6, verses 54 to 66.

The final day of the holiday is the most joyous of all known as Simchat Torah, "The Festival of the Rejoicing of the Torah." As the Book of Deuteronomy is commenced again with the Fall cycle of Scriptural readings. Rabbi Jules Lipschutz will meet all children of the Tifereth Israel Religious School on Monday and Tuesday, October 25th and 26th at 10:45 a. m. in the synagogue, with special services to be held for the children in the Junior Congregation. Hospitality will be tendered by the association of Tifereth Israel. Rabbi Jules Lipschutz will preach on Monday morning before the Yizkor service.

**Legion Of Honor
Plans Family Night**

Arrangements Are Made For Continuing Activities At Meeting Last Evening

Plans were made by the members of the Legion of Honor of the Valley of New Castle Cemetery, A.A.S.E., for a family night party which will take place on Friday evening, December 18, in the Cathedral. Carl E. Turner was named chairman of the event and announced that a special program is being arranged for the occasion. Arrangements were also made to take an active part in the annual fall reunion which will take place in November.

A committee was also named by Commander Arthur H. Lewis to revise the by-laws, with G. C. Swacy as chairman, which will provide for the organization of chapters of the Legion of Honor in outlying points.

Around Hollywood

By EUTH ORSHAN
(International News Service Staff Correspondent)

HOLLYWOOD, Oct. 22.—(LNS)—Dick Powell, the only veteran vocalist of the movies who succeeded in bursting his musical bonds, today is faced with a new problem.

What can a guy do next after being a crooner, hard-boiled detective and two-gun western star? True, ex-prettyboy Powell has the satisfaction granted few actors—that of enjoying the last laugh at Hollywood's expense. But now that he's had his guffaw, Dick wants new worlds to conquer. He said:

"It took me ten years to get out of the crooner rut and I don't want to go down again. And believe me, I know how a rut can throw a guy."

Sang Head Off

For almost a decade, after Powell had been discovered as a singing master-of-ceremonies in a Pittsburgh theater and brought to Hollywood to be a crooner in "Blessed Event," he sang his head off.

Under contract to three different studios, each of which made him keep right on singing despite his yowls of protest, Powell found his popularity waning faster than the sinking sun in a technicolor travelogue.

He confessed:

"Once I got thousands of fan letters a week. Then I got none. I bought my contract from Warner for about all the money I had left. But other producers who had

Army Asks 742,000 Reservists To Take Part In Security

WASHINGTON, Oct. 22.—(INS)—The army today asked 742,000 enlisted and officer reservists to take an active part in maintenance of national security. Brig. Gen. Wendell Westover, army executive for reserve affairs, in his first official announcement since President Truman's call for an expanded reserve, outlined the reserve program and the difficulties in implementing that program. Westover said that the organized reserve now has a specific job to do, and, addressing himself to all reservists, added: "You now have not only a training program but a very definite responsibility. There can be no playing at training for future emergency. "The reservist now has a responsibility—the serious obligation of citizen soldiers who must assume their share of the heavy burden of national security... now!" Westover said that the reserve

James A. Farley Doesn't Believe War Is Imminent

NEW YORK, Oct. 22.—(INS)—James A. Farley returned on the liner "America" from a ten-week trip to Europe Thursday and said he does not think that war is imminent. Farley said he does not think Russia is prepared economically and otherwise for war, adding that in his opinion the atomic bomb is the one thing that will keep Russia from making an aggressive move. He said that he believes communism in Europe is on the wane. Farley said he thought that the European recovery plan has been helpful. Farley advocated the resumption of diplomatic relations with Spain by the United States sending an ambassador to Madrid. He said America also should extend credit to Spain to help it rebuild its country. Discussing domestic politics, he said he hoped that the Democratic party will win. However, he would make no prediction as to who will win the election in 1948.

DRINKS PERFUME
PITTSBURGH, Oct. 22.—(INS)—Sixteen-month-old Harry (Mikky) Kane was reported in "good" condition today, but his mother's \$15 bottle of perfume was "all gone". Little Mikky, son of John J. Kane Jr., Democratic candidate for Congress from the 31st district, was taken to the hospital after he swallowed the perfume Thursday. Physicians said at worst Mikky would break out in hives.

Farm Show Prizes Will Total Highest Sum Ever Offered

HARRISBURG, Oct. 22.—(INS)—Exhibitors at the 1948 Pennsylvania Farm Show will compete for premiums totaling \$51,559—the highest amount ever offered for the annual display. The 1948 premiums will exceed those awarded last year by approximately \$7,000, according to the Farm Show Commission. The five-day exhibit will open January 10. Dairy cattle lead both in the

total of cash prizes and in the number of competitive classes open to exhibitors. Premiums totaling \$15,311 will be awarded place winners in 144 classes of the dairy section. Beef cattle winners in 92 classes will be awarded prizes totaling \$7,000. All competitive farm products displays will be restricted to Pennsylvania producers with the exception of some classes of poultry, according to Agriculture Secretary Miles Horst, commission chairman. The first President of the United States not born a British subject was Martin Van Buren, the eighth President. He was born in 1783, after the adoption of the Declaration of Independence.

PHILADELPHIA, Oct. 22.—(INS)—The Vanadium Corp. of America, one of the nation's largest processors of uranium ore, will open a branch at Edgelyne. The Philadelphia Chamber of Commerce reported today that the company will use buildings constructed by the Hoppenshall Corp. and later turned over to the War Assets Administration. The new plant will have the largest induction furnace ever built for melting aluminum. It will also produce titanium, vanadium and chrome. No uranium will be processed at the plant.

With the great scarcity of newsprint today it should be remembered that forest fires annually destroy enough timber to make 8-700,000 tons of paper, according to a report of the Pennsylvania Department of Forest and Waters.

Sewall Is Named Parade Marshal

Will Head November Parade in New Wilmington; Other Towns News

(Special To The News)
NEW WILMINGTON, Oct. 22.—Russell Sewall has been named marshal for the Halloween parade to be held Saturday night, Oct. 23 under the sponsorship of the Elwanis club. Many good prizes will be awarded for the most appropriate costumes.

Rev. J. Calvin Rose of New Castle, who recently returned from a tour of Europe, will be the speaker at Monday night's meeting of the Rotary club. He will have for his subject, "A Visit to Refugee Camps."

Norbert Borowicz, former local high school athlete and a member of the boro baseball team, recently underwent an eye operation in New York City Hospital. He is a sophomore at Westminster College. It is expected that he will be hospitalized for at least a month.

Friends will be sorry to learn that David Means, New Castle avenue, is ill at his home. He is widely known for his interest in sports.

A Halloween party will be held tonight in the Methodist church by the Ever Ready class. Husbands will be special guests. The committee is composed of Mrs. Nina Meek, Mrs. Mabel James and Mrs. Helen Robinson.

Mrs. W. W. Campbell, West Neshannock avenue, has returned after attending the Daughters of the American Revolution convention at Harrisburg.

Dr. Harold Black, former head of the mathematics department at Westminster College, is now engaged in Navy research work at the Penn State College laboratory. His most recent position was at Kansas State.

A meeting of the Community Chest Board has been called for next Monday evening at the Fire House by George Brown, chairman. Plans for the local drive will be made.

Loyal Daughters of the Neshannock Presbyterian church will meet at the church tonight, with Miss Gertrude Chapin as hostess. Miss Dorothy Kirkbride will be the leader.

Juniors, sophomores and freshmen at the high school have named their officers. They are:

Juniors—Mary Ann Herbst, president; Wilson Blake, vice president; Eleanor Burns, secretary, and William Barbe, treasurer.

Sophomores—Robert Creight, president; Mabel Gilliland, vice president; Ethel Young, secretary. No treasurer has been named.

Freshmen—Robert Shumake, president; Todd Wilkins, vice president; Betty Ann Evans, treasurer; Bruce Black, secretary, and David Boyd, historian.

What They Say Of Chest Drive

REV. J. CALVIN ROSE
Pastor, Second U. P. Church

In supporting our Community Chest, we are supporting the American way of life, of voluntary aid to our friends and neighbors. The seeds of communism grow in those communities where people are not adequately cared for. In supporting the Community Chest we support these institutions and organizations which minister to both the spiritual and physical needs of our people. Thus we make an investment in human life, and the dividends cannot be measured in dollars and cents. If you could see what life is like in Europe today, I am sure that out of gratitude for the American way of life you would double your contribution to the Community Chest this year.

JACK GERSON
Jeweler, 200 E. Washington Street
I wholeheartedly endorse the Community Chest plan as the only genuine method of raising funds for the thirteen participating agencies. In 1948, as in previous years, the citizens of New Castle will unquestionably do their part, and New Castle's Community Chest will again be successful, a New Castle tradition.

MALE PATROL
LOS ANGELES, (INS)—Police-women were sent to patrol Los Angeles' Skid Row beat. Eight hours later they were permitted to withdraw when the police department decided that the region was "unsafe" without a man along.

Allegria Pastor To Close Series

Closing services of the two-week evangelistic campaign which has been in progress at the Episcopal church, will close this evening at 7:30 with a service.

Rev. Edwin H. Johnson, pastor of the Episcopal church in Allegria, has been the speaker during the series. He will be in charge of the service.

MRS. IRENE VERRILL DIES IN BOSTON, MASS.

Mr. and Mrs. Harry R. Jones of Millers Falls have received word of the death of Mrs. Irene Verrill of Miami, Fla., Thursday evening at 11:30 in a Boston, Mass., hospital, of leukemia after an illness of about four months.

Mrs. Verrill is a daughter of Mr. and Mrs. Frank Verrill of Youngstown, and very well known to many folks in this city, having visited here often. Interment will be in Youngstown.

She is buried on steel tracks from rolling mills to remove scales from the metal—the salt "explodes" on contact with the hot steel.

County W.C.T.U. Members Meet

Institute Sessions Are Con- ducted Thursday At First Baptist Church

"Forward Together" was the theme for the institute conducted Thursday by Lawrence County W. C. T. U. in the First Baptist Church. Sessions were held in the morning and afternoon. Mrs. Myrl Blythe served as timekeeper, while Mrs. Floyd Thompson and Mrs. C. E. Alken were responsible for arranging the program.

Morning Assembly
Mrs. Scott Munnell, spiritual life director, opened the morning meeting with a worship period. Reports of the following districts were given: Mrs. Floyd Smock, districts; Mrs. Floyd Worrill, sol- diers and sailors; Mrs. Gladys McConnell, temperance and mis- sions; Mrs. J. C. Pherson, White Ribbon Recruits; alcohol educa- tion, Mrs. Clair Boyer; "Union Signal," Mrs. Alken, and Mrs. Harry McCurdy, literature.

Mrs. Smock presented "This House I Build," a pageant, with seven women taking part. During a White Ribbon Recruits service Mrs. Pherson tied the ribbon on the wrist of her grandson, Charles Richard Pherson.

The dedicatory prayer was of- fered by Mrs. F. J. Fox, county president, while the noontide prayer was offered by Mrs. Glenn Heannon. Grace was pronounced by Mrs. Scott Munnell when a box lunch was enjoyed at noon.

During the county executive meeting Mrs. Fox presented recom- mendations made at the state con- vention in Erie last week. The president also stressed the impor- tance of contacting church mem- bers in regard to joining the W. C. T. U.

Afternoon Session
Using "Freedom" as his theme, Dr. C. W. Cochran, pastor of Prin- ceton and Mt. Hermon Presbyter- ian churches led devotions in the afternoon.

Mrs. Fox gave a report of the state convention. It has been re- quested that the "Bulletin" be a larger periodical. Religious edu- cation may be added as a point for standard of excellence. Pennsylv- ania was awarded the silver mem- bership trophy at the National Convention in Ft. Wayne. Our state has been the leader in mem- bership for 12 consecutive years. Lawrence county ranks third in the state in securing new members and second in fruitful unions.

Mrs. Pherson presented two

state life memberships in W. R. R. for her two grandchildren, James William and Charles Richard Pherson. The W. R. R. director award- ed a prize to Mrs. Myrl Blythe for securing 60 new W. R. R. mem- bers.

Mrs. Harry Glover presented the following unions with standard of excellence awards from the state: Croton, East Brook, East Side and Highland. Fruitful and holdfast unions are: Big Beaver, East Brook, Chew- ton, Croton, East Side, Ellwood City, Ensign, Highland, Mahoning, New Wilmington, Plain Grove, Slippery Rock and Wurttemberg. Other holdfast unions are: Wam- pum, Wayne, Harlansburg, Hazel Dell, and Central.

Police Chief's Widow Will Be Witness Today

NEWARK, N. J., Oct. 22.—(INS)—Mrs. Elizabeth Rowe will take the witness stand in Essex county court today as a state witness in the trial of titian-haired Ann Seams Powers, charged with the murder of Newark police captain Thomas J. Rowe.

The white-haired widow of the slain policeman is expected to take the stand as the state nears completion of its case against the 39-year-old waitress, who is accused of fatally wounding the policeman with his own gun.

The prosecution contends that Rowe was slain because he wanted to break off relations with Mrs. Powers.

This break, the state contends, was pledged by Rowe to Mrs. Rowe and to their married daughter, Mrs. Andrew Scott.

Mrs. Scott also is scheduled to take the stand and bolster her mother's testimony.

Optimists Plan Halloween Event

Plans for a Halloween party to be held Oct. 27 at the Ellwood Country Club were made at the regular weekly meeting of the Optimists Club last night at The Castleton. The Optimists also planned to attend the Kiwanis sponsored all-civic meeting on Nov. 10.

Discussion of the National Optimists Week celebration was the next order of business. The club will receive nation-wide recognition Nov. 7 to 13.

Before the meeting was adjourned it was announced that Mayor John Haven and L. B. Round will be dinner guests at the club's Nov. 18 meeting.

IDENTIFY VICTIM GREENSBURG, Pa., Oct. 22.—

(INS)—State police today iden- tified the victim of a five-truck pile-up on the Pennsylvania Turn- pike Thursday as Milton G. Griffin, 27, of Talladega, Ala.

Griffin burned to death in a fire in the truck he was operating after the accident in early morn- ing fog east of Greensburg. He was an employee of the Inter-State Motor Freight system.

Napoleon used one of the finest bathtubs in history. It was chiseled out of one solid piece of white marble.

MINERS ON STRIKE
WAYNESBURG, Pa., Oct. 22.—
Some 700 miners at the Shamokin
mine of the Jones & Laughlin
Steel Corp., at Bobtown were idle
today in a sympathy strike with
miners at the firm's Vesta mine
at Washington, Pa.

The men pulled out at the Vesta
mine when a contracting company
hired AFL men to build a mine
entry.

The miners complained that
UMW workers should have been
hired for the job.

Oak Street Pupils Get First Look At Farm Animals

Pupils At East Side School Getting Ready To Celebrate Halloween And Thanksgiving

Students of the second grade of the Oak street grade school have just experienced one of the most outstanding events in their young lives. The younger boys and girls of the east side school were taken for a personal tour of a farm and a large number of the visiting school children for the first time in their lives saw real live cows.

The tour, arranged by their teacher, Miss Lu Moreland, with aid of their parents who furnished transportation, took the inquisitive youngsters on to the McComb Dairy Farm on the Mt. Jackson in North Beaver township, where they were privileged to see how that tempting glass of milk on their table daily is produced.

The boys and girls were taken through the modern dairy plant and saw, step by step the milking process, the pasteurizing and bottling of the milk which held them wide eyed with amazement. Much to their delight and surprise, they were each given a bottle of chocolate milk to drink.

Ride Hay Wagon

During their visit to the farm they were given a ride on the hay wagon, riding from the farm to the pasture field and return. They were amused by the antics of a pet cow kept on the McComb farm. For some of the group it was the first time they had ridden a horse. The trip was arranged in connection with their school studies.

Other work at the school is progressing nicely under the supervision of the various teachers. Two clubs have been organized under the direction of Miss Helen McCurley and Miss Anna Mae Griffiths and these clubs known as the Six-G club and the Picknookies present program on alternate weeks. The class officers of the clubs present the programs or are in charge. Committee for last week's program included Tom Barrea, chairman; Kelly Malizia and Ann McNeish, while the program to be presented will be headed by Richard Allen, chairman, and Lynda and Laurel Hamill, school twins. Participating in the recent program were, Ruth Shaffer, Doris Grossman, John Eslinger, Shirley Temenski, Ruth Mrozek, Ann McNeish, Wynona McConahy, Jessie Malizia, Arthur Oberleitner, Fred Crothers and Tom Barrea.

First grade students are still having difficulty in distinguishing between the Eslinger twins, Fred and John, who are quite alike. The other twins in Oak street are Laure and Lynda Hamill in the sixth grade. Plans are being made for the Thanksgiving and halloween programs. The instrumental classes under the supervision of Arthur Canning are showing much progress.

Friendly Boy Given Reward

PHILADELPHIA, Oct. 22.—(INS)—A "friendly boy next door" was rewarded today for his kindness to a 74-year-old widow.

The will of Mrs. Emma G. Yeager, probated today, gave 15-year-old Renny Madden the Yeager home and a \$10,000 trust fund for "his education, maintenance and support."

Renny always had been Mrs. Yeager's pet and he often helped her with the household chores after her husband, Harry, died four years ago.

The youth is a high school sophomore. The will also established a \$30,000 trust fund jointly for Renny, his 19-year-old brother, Bernard, and his sister, Mary Sue, 19. They will receive the principal at age 21.

Even Renny's mother, Mrs. Mary A. Madden, shared in the will. Mrs. Yeager left her \$5,000 "in appreciation of her many kindnesses to me."

The Yeager's were childless. A niece, Mrs. Edna P. Frederick, received all of Mrs. Yeager's personal property and insurance policies. Other bequests included \$5,000 to a cousin, Mrs. Frances H. Irwin, of Sunbury, Pa.

Miners To Aid Truman Effort

U.M.W.A. Board Member
On Committee To Wel-
come President In
State

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Oct. 22.—(INS)—President John L. Lewis of the United Mine Workers of America denounced President Harry S. Truman but the slight apparently hasn't hampered political activities of individual members. . . . The schedule issued by the Democratic State Committee for President Truman's October 29 tour of Pennsylvania listed a U.M.W.A. district board member on a welcoming committee to meet the president in Johnstown. . . . He was identified as Bernard Timma. . . . The committee also listed on the welcoming committee Mayor Walter E. Roca, a Republican.

James L. McDewitt, president of the Pennsylvania Federation of Labor (AFL) escaped a month of campaigning when he went to Switzerland for an international labor conference. . . . He had promised a vigorous state-stumping performance to defeat incumbent Congressman who had voted for the Taft-Hartley Act. . . . McDewitt is scheduled to return from Geneva Friday. . . . The PFL reports a full schedule of appearances has been drawn up for him between Friday and November 2, Election Day. . . . All Congressmen on the PFL's black list are Republicans.

The Democratic State Committee is circulating a 12-page colored cartoon-type pamphlet depicting the life of President Truman. . . . The pictorial account starts and ends with Truman's ascent to the presidency with the death of Franklin D. Roosevelt. . . . It flashes back to Truman's ancestry on the Missouri frontier, his birth and rearing on a farm, early career as bank clerk, farmer and soldier in World War I, and postwar investment in a clothing store. . . . It traces his political career without mentioning the Pendergast machine that formed a backdrop to Truman's county judgeship and Senate career.

Night Capital Hill reporters went on a wild goose chase in search of an interview with Henry A. Wallace, the Progressive Party's candidate for president. . . . Wallace had cancelled a Harrisburg appearance to go direct to Reading from Pittsburgh. The Progressive party of Pennsylvania notified newsmen of the scheduled stop at Mt. Olive Baptist church on Wallace street in Harrisburg, but forgot to spread the news of the cancellation. . . . The small church was locked when newsmen arrived.

More than 2,000 professional foresters are working for the U. S. private forest industries, which is double the number employed in 1940.

New Castle Hospital Nurses Glee Club

Part of New Castle Hospital Nurses' Glee Club Being Rehearsed By Mrs. Frank Colao.

Stepping up the cultural side of nurses training, the New Castle Hospital School of Nursing has organized a glee club. Twenty-five young women comprise the new organization and they will make their first public appearance Nov. 9 at a joint dinner meeting of the medical staff and the hospital board in observance of the hospital's 40th anniversary.

Mrs. Colao, director of the club, is Mrs. Frank Colao. Mrs. Colao, an accomplished musician who is organist at St. Vitus church, is a member of the Advisory Council of the hospital's school of nursing and has for a number of years been associated with the social program of the nursing school.

Miss Mary Eleanor Kelch, a preclinical student of R. D. 1, New Castle, is pianist.

According to Sister Lawrence

Mary, director of nurses, the members of the glee club represent a "wide degree of musical talent". Some of the members have sung with the New Castle high school's cappella choir, while others have had special training in voice and piano.

All are entering into the new musical organization with real enthusiasm and steady progress is being made at rehearsals, according to Mrs. Colao.

Enthusiasm Shows

"We are all enthusiastic over the opportunity we have with this glee club," said Sister Lawrence Mary. "The nursing school this year is making provision on a wide scale for the cultural development of students, realizing that the cultural side of educating young women for a career in professional nursing is almost as important as the mastering of techniques and

skills and the acquisition of knowledge in the art of nursing. Naturally, music offers one of the finest opportunities in cultural training."

Huge Sums Are Returned By U.S. In Tax Relief

Twenty-Eight Million Dollars Re-
turned To 645 Firms
During Year

WASHINGTON, Oct. 22.—(INS)—The government reported today that it snatched its tax purse and returned nearly seventeen million dollars to 645 American corporations in the way of tax relief during fiscal 1948.

The tax relief payments—at an all-time high—stretched to com-

panies in virtually every state and Hawaii. Actually, the bureau said, Uncle Sam handed the firms over twenty-eight million dollars during the year, but with his other hand accepted nearly twelve million of this back in additional income tax resulting from the rebates.

Topping the list of recipient companies is McKesson & Robbins, Inc. of New York City which has been paid \$327,384 in net relief over a five-year span from 1942 through 1948. The firm manufactures drugs and distributes liquors.

Other companies which have received more than \$400,000 in excess profits tax relief are: The Soundview Pulp Co., of Everett, Wash.—\$538,548; the Noble Drilling Corp. of Tulsa, Okla.—\$475,323; the Premier Oil Refining Co. of Texas—\$412,021.

Former Local Man Doubles As Pastor And Ohio Lawyer

Very few men serve as a minister and can also act as a lawyer at the same time but this is true of Rev. George V. Gardner, son of Mr. and Mrs. Victor J. Gardner of 311 Fern street. Rev. Gardner who is serving as pastor of the Claridon, Ohio, Congregational church, graduated recently from the Western Reserve university law school.

The former local young man has been pastor of the Ohio church since September 1947 and served other churches before going to Claridon. received his B. A. degree in 1943 from Allegheny college where he majored in psychology, he did graduate study in sociology at the University of Southern California and Harvard Divinity school, graduating from the Harvard School of Education in 1945.

The Port of New York Authority is a self-supporting public corporate agency of the states of New York and New Jersey. It was created in 1921 by treaty between the two states, to deal with transportation facilities, and to improve and protect the commerce of the Greater New York port district.

Attend Red Cross Meeting Wednesday At Titusville, Pa.

Mrs. Louise McConnell, executive secretary; Miss Gertrude Hoenstine and Mrs. Warren Wilson attended a regional meeting of the Red Cross home services group at Titusville Wednesday.

Mrs. Florence Turner, eastern area home service field representative, and Joseph Lippincott, Red Cross field director of the regional Veterans Administration office in Pittsburgh, led discussions on home service policies, finances and recent changes in veterans legislation.

Probable Plans Of Stalin Are Discussed By Babson

By ROGER W. BABSON
Editorial, The Philadelphia Record
Washington, D. C., Oct. 22.—I have had on many inquiries from my recent column which discussed in part Mr. Stalin, that I will now answer the main question, "What are probably Stalin's plans?"

Uncle Joe's Program
We may get into war next year through some accident or unauthorized shooting by Russian, American or Allied troops. I, however, am sure that war is not a part of the Russian program for the three reasons which I gave a couple of weeks ago. Russia's program is to

carry out a policy to build up such a great army, air force and navy that the expense will upset our domestic economy. Remember that it costs the United States ten times as much a month to maintain a soldier as it costs Russia.

This perpetual mobilization could so increase our taxes and cost-of-living that it could bring about a recession here notwithstanding our shipments to Europe. Russian failures and real estate speculations would greatly increase. These could intensify a domestic depression, like pouring kerosene onto a fire.

Great Shipments Abroad
I have just been told about a government order for \$5,000,000 in trucks with 100,000 big extra tires to be shipped abroad. I mentioned this to a Russian and he said, "We will get them free ourselves someday when we take over western Europe." Stalin is not only encouraging us to hasten ourselves by terrible economic expenditures, but he is also tempting us to send ourselves to Europe.

Stalin believes that time is in his favor and that the longer he can keep us from attacking Russia the better off he will be in three years. He is, I think, counting on to have a large military program that it will cost our domestic economy, and get us to send all these good things to west-

ern Europe which he can later take over; and third, he will have time to stock up atomic bombs.

How To Prepare For More Trouble
Stalin probably feels that some of the American people will get tired of supporting England and western Europe; also that when we do quit he can take it over. Many military men admit he may be able to do this. If so, certainly this country would be in a desperate position. Let us hope there will be an internal revolution in Russia before that time comes.

We hear of individuals moving out of big cities, getting a little farm in the country and decentralizing their industries. This is all to the good. There is another thing which every business should recognize—namely, that continued high prices and high wages are causing a constantly increasing demand for more working capital. It is very possible that the next depression may not hurt the common man so-called, but rather his employer.

Build Up Working Capital
Many employers are destined to be short of cash, and will either have to give up their business or sell it out. Today with large sales, high profits and everything going fine, it is difficult for most businessmen to realize this possibility. Remember, however, that it is usually the unexpected that happens. Never forget that Newton's Law of Action and Reaction applies to economics as well as to mechanics. Every reader of this column should lay up sufficient cash reserves for trouble ahead. By all means, keep out of debt. Corporations, if necessary, should pay a withholding tax to the government.

Good Taste

Clothes For Teen-Agers
"My daughter, who has just turned 14, is having adolescent skin difficulties which are making her awkward and self-conscious. She has a very good figure and neutral coloring. Can you give me any clothes suggestions to improve her?"
Answer: First of all, take her to a good dermatologist, whose expert knowledge and care will rid her of this unfortunate nuisance of adolescence—an affliction which, if subjected to home treatments, might permanently scar her complexion and cause her embarrassment throughout her life. Through diet and external treatment, the condition may be quickly cured. Sportswear, especially plaid skirts, blouses, loose-fitting sweaters and coat suits are the most becoming and now the smartest clothes for girls of the "awkward" age.

During her skin "spells" tone down her imperfections with careful selection of colors in her dress. All bright colors, as well as dark gray and beige, vivid blues and purples, brown and bright yellows should be eliminated. Dark red, dark green, navy blue, blue (not too vivid) and any of the soft, pastel shades now so popular should be becoming to her. All clothes of "baby" colors and designs are very bad for growing girls. They appear awkward and overgrown in both.

Question: On my letterheads with my name and address across the top should any name be preceded by "Mr."?
Answer: While correct for your personal visiting cards, "Mr." is incorrect on letterheads where you should appear as plain "John Smith."

Controversy Over Who Wrote Plays Of Shakespeare

WASHINGTON, Oct. 22.—(INS)—The century-old controversy over who wrote Shakespeare's plays and sonnets was described yesterday as a battle of "hobby-horses" and "pot theories."

No less an authority than Giles E. Dawson, curator of the Folger Shakespearean Library, says so. And Dawson has more than a normal occupational interest in the subject because he's being sued for \$50,000 libel by Charles Wimer Barrell, secretary-treasurer of the Shakespeare Fellowship, a 500-member organization devoted to proving that Edward De Vere, 17th

Earl of Oxford, was the real Bard of Avon.

Dawson claims that a real honest-to-goodness William Shakespeare—the member of an illiterate Shakespeare family who was buried at Stratford-on-Avon more than 300 years ago—wrote the treasured "Romeo and Juliet," "Macbeth," and other works which bear his name.

That's what got him into trouble recently and made the age-old argument a \$50,000 question in Federal district court.

Barrell, who figures that the Oxford Earl used "Shakespeare" as a pen name just like Samuel Clemens used "Mark Twain," said Dawson's statements just about ruined his private and professional reputation.

Dawson, in a motion to dismiss the libel suit, retorted: "If the plaintiff (Barrell) here chooses to venture into the controversial area in which the contending outfits, each mounted on his hobby-horse, tilt at each other's pot theories as to who wrote Shakespeare's works, he must expect himself to blow more direct than these."

WKST 10 Years
Old Saturday

Open House Is Planned To
Observe Anniversary At
Cathedral Studio

REVIEW PROGRESS
OF PAST 10 YEARS

"The Friendly Voice" will be ten years old Saturday, October 23. Radio station WKST, known as "The Friendly Voice of Service for Western Pennsylvania," came to New Castle ten years ago, and Saturday WKST marks this tenth anniversary by announcing plans for greatly increasing its power and listening area.

WKST has been authorized by the Federal Communications Commission to increase its power from 1,000 to 5,000 watts, which will mean that the station will more than double its listening area.

This will necessitate the installation of additional towers and a new transmitter, as well as an entirely new 12-acre ground system, at the station's present transmitter site, three and a half miles southeast of New Castle on the Old Pittsburgh road. A new and larger transmitter building was erected at this location during the past year in anticipation of the increase in power. Construction of the new facilities is expected to be completed in 1949.

In Cathedral Building

The studios and suite of offices on the top floor of the Cathedral building, occupied by WKST, have been completely redecorated and remodeled for the tenth anniversary. From 10 in the morning until 10 in the evening on Saturday the station will have "open house" when the public is invited to visit the studios, see actual radio programs in progress and inspect the special displays.

WKST began operations October 23, 1938, as a 350-watt daytime-only station. A year later it increased its power to the present 1,000 watts, and in 1941 was given unlimited-time broadcasting privileges. In 1945 WKST became an affiliate of the Mutual Broadcasting System, the world's largest network. A sister station, WKST-FM, took to the air in April of this year. Close to a million radio listeners in the district are served by WKST, and addition numbers by WKST-FM. WKST's president, treasurer and founder is S. W. Townsend, with Mrs. Wanda Townsend vice president, and A. W. Graham secretary and station manager.

Plan Election Reports

Over a ten-year period, WKST has become an integral part of the community life of the district which it serves. The biggest story of the year will be brought to WKST's listeners the evening of Tuesday, November 2, when the election returns will be broadcast in cooperation with the New Castle News, directly from the editorial rooms of The News. The far-flung facilities of the Mutual Broadcasting System, combined with the experience and "know-how" of The News and WKST staffs, will insure listeners of top coverage of this vital election.

EDENBURG

Prayer meeting will be held at the Christian church Thursday evening, to be followed by choir practice.

Bible study is being held at the Christian church each afternoon by Mrs. Stewart for school children.

Senator Louis Graham of Pennsylvania and Representative McCullough called at the home of I. M. Hofmeister Monday.

RACCOONS GO RIDING

RICHMOND, Va. — Go west, young raccoon, says the state game commission. More than 500 "surplus" raccoons are being moved from eastern Virginia, where they have become numerous, to the southwestern section of the state where they are relatively scarce.

RELIEF ROLL LOWER

HARRISBURG — Pennsylvania's general assistance rolls continued to decline during the week ending June 26. The decrease amounted to 153 cases and was the 18th consecutive weekly decline since the rolls began moving downward late

in February. This latest drop brings the total cumulative decrease in the general assistance rolls to nearly 3,900 cases containing approximately 10,400 persons.

New Castle Plays Mt. Lebanon Tonight In Class AA Contest

'Canes To Strive For Seventh Win, Keep Slate Clean

New Castle High's undefeated, untied and unscored on "Red Horrocks" football juggernaut, faces another Class AA barrier tonight, in a clash with the once-defeated Mt. Lebanon High Blue Devils.

The kickoff at 8 o'clock will find Phil Bridenbaugh's highly labeled group of well-trained footballers seeking their seventh straight win of the current season, and their fifth Class AA triumph.

Mt. Lebanon will come here with every intention of trying to do what some mighty fine eleven have failed to do this year—upset the locals. The "Mounties" at least have plans to crack that unscored on tonight.

The weatherman has promised what looks to be a perfect grid setting for the game, cloudy and cool, with just the barest hint of threatened showers.

A crowd of perhaps 10,000 will sit in on the contest tonight.

Could Be Upset

Despite what the "experts" think New Castle High could very well be "dumped" into the limbo of also-rans in Class AA tonight by this veteran Mt. Lebanon team. It's going to take 45 minutes of well-played football for New Castle to win the "Mounties".

No game has ever been won in the dressing room. Think that over. You must win them on the playing field. New Castle is not taking any "punch over" tonight, but that in itself is a warning. Lebanon has won five and lost but one, to Williamsport 15 to 0. The Blue Devils have amassed a total of 110 points and given up 50.

Watch These Players

Mt. Lebanon is bringing a crack backfield here composed of veteran material in Howard Cox at quarterback, Bob Doe a halfback and Marion at full. New Castle bested Lebanon last year 38 to 0 and had a hard time doing it. The Cox to Williamsport game combined will bear watching. The "Mounties" scored twice on Williamsport with this pair in action.

This Williamsport chap is a tall, rangy boy and very "sticky" when catching pignines.

Don, Marion and Metzger are very hot backfield men. They could break away anytime for pay dirt but as Doe ran 70 yards for a TD against Williamsport. The "Mounties" have a tough line.

Watch These Players

Cox has decided to start "back" tonight at the full back position. Last week this youngster ran wild on Farrell at the end. He is very fast and a small broken field runner. Lamorella is filling with 4-fore end, but will see some action, it was in the game against Williamsport. Cox and Lamorella will complete the New Castle backfield tonight.

The rest of the New Castle line-up is the same as last week. Smith and Brown at the ends, Tate and Williams at the tackles and Joseph at fullback.

The latter did a great job last week, starting his last varsity game at right end.

Football Night

At center for the "Canes" of course, will be that well known Tony "The Rock" Ciavella, one of the finest centers and line back-up that New Castle has had for years. Ciavella is not very big but is like a bundle of dynamite to the opposition and just as tough to handle.

There has been a brick bat not too heavy to hit for this game, but it's a football game and New Castle fans like their football, need we say more.

WABASH BEARS TO PLAY SALEM

The sensational Wabash Bears semi-pro football team of this city, will play the Salem, Ohio VFW team at the Union High field, at 8 o'clock Thursday, October 22nd. It was announced today by William Domesick, president of the Bears organization.

This will serve as a means of getting into shape for the two tough proposed games ahead with the Ellwood Vets and the Fort Meyer Virginia Army team at the stadium Armistice Night.

The Bears are working out every night at the P. & L. E. field, at 8 o'clock, and have won one and tied one to date.

Fusari In Line For Title Bout

Irvington, N. J., Fighter Wins By TKO Over Tough Tippy Larkin Thursday

JERSEY CITY, N. J., Oct. 22.—(INS)—Charley Fusari, of Irvington, N. J., was in line for a shot at Ray Robinson's welterweight title today.

Fusari scored a technical knock-out over Tippy Larkin, Garfield, N. J., veteran, in the sixth round of a scheduled 10-round bout before 10,000 fans at Jersey City armory last night.

Fusari, a strong favorite, dominated the fighting throughout and gave Larkin a terrific beating. Tippy, however, was on his feet all the way, although he was staggering around the ring in a daze for most of the last two rounds.

Fusari weighed 147 pounds to 145½ for Larkin.

Hungry Panther Awaits Indiana

Pitt Seeks First Win Over Indiana, Bobby Lee Starving At Left-Half

PITTSBURGH, Pa., Oct. 22.—The Pitt Panthers and the Indiana Hoosiers will renew their gridiron rivalry at Pitt Stadium Saturday when they meet before a crowd of 35,000. Kick-off time at Pitt Stadium is set for 2:30 p.m. (EST).

Pitt and Indiana have played six games since the series started in 1942, and the Panthers have won them all. The Panthers will again be the underdogs, but they will be out to break the string.

Pitt and Indiana have identical 1948 records showing two wins and two losses. Indiana defeated Wisconsin 38 to 7 and knocked off Iowa by a score of 7 to 0. The Panthers defeated West Virginia and Marquette by scores of 16 to 0 and 21 to 7. Indiana lost a heartbreaker to classy Texas Tech by a score of 7 to 0.

Savold Matched With Woodcock

NEW YORK, Oct. 22.—(INS)—Lee Savold, New Jersey heavyweight, had the chance of a lifetime in front of him today.

The former boxer, who came out of obscurity this year and staged a brilliant comeback, has been matched with England's Bruce Woodcock, the British empire heavyweight champion, for a 10-round bout in London December 3.

If Savold wins impressively, he may get a crack at Joe Louis next year, because the heavyweight champion listed him as a leading contender the other day.

Washington High Still Undefeated

Crush Beaver Falls Junior High Under 27 To 0 Score Thursday, Rankin Stars

George Washington Junior High's undefeated, untied and unscored on "Presidents", are looking ahead to Saturday night, October 30th and the "big game" with the Ben Franklin "Patriots" for the city Junior high championship at the stadium.

Yesterday afternoon at Beaver Falls, the Clark McClelland coached "powerhouse gang" ran rough shod over a previously undefeated Beaver Falls Junior High eleven to the tune of 27 to 0, young Terrence Rankin, nose star halfback, scoring three touchdowns. Monty Brush scored the other one.

Washington Brilliant

Emulating their "big brothers" down at Senior High, the "Presidents" unscored a brilliant running attack led by young "Strak" Rankin, who dashed for a TD in the first period, 45 yards, again in the second period on a 30-yard gallop and again in the third period on a 30-yard center. Brush scored in the final period on a 27-yard field dash.

Offensively and defensively the entire Washington line acted like young bulls as they refused to budge an inch on defense and on offense were like bulldozers shoving the Fallmen out of the way. Much of the credit for the Washington High sensational record can be laid on the heads of these staunch lads who make up the line.

Washington is making no secret of the fact that the city Junior High title will repose in the hands of the North Hill school after Saturday night, October 30th. The WPIAL Junior High title can also rest at Washington this year, perhaps.

Arch Zarone Shines On Geneva Eleven

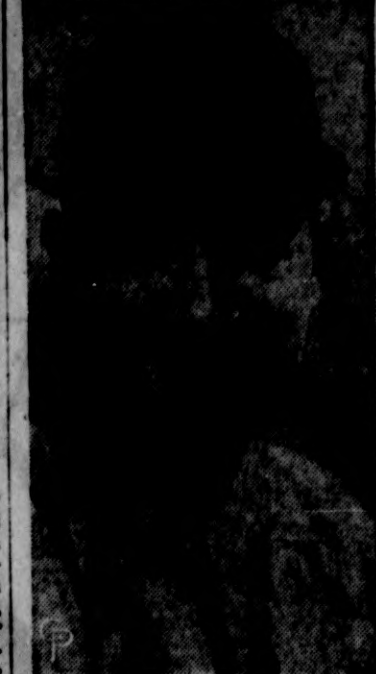

Arch Zarone, former New Castle High fullback has bolstered Geneva coach "Slim" Ransom's desire for a good, rugged fullback.

Zarone, a sophomore, reported for the squad only a week ago but was called on for three quarters of action against the W. and J. Prezies last Saturday.

At a meeting of the Quarterback Club last Monday, Coach Ransom said, "The New Castle boy can't miss making the first team. His offensive and defensive play have caught my eye."

Arch is the son of Mrs. Joseph Zarone of 334 S. Jefferson St.

Bessemer Gains For Seventh Straight At Mercer Tonight

Schaville Doubtful Starter In Bessemer Backfield, Mercer Has Never Defeated 'Cementers'

Bessemer High school will be striving for their seventh consecutive win when they visit Mercer tonight for a game starting at 8 o'clock. This will be the eighth meeting between the schools and Mercer has yet to defeat the Cementers.

Two new Bessemer backs, Frances Schaville and Henry Pennino are both nursing back injuries. Pennino is expected to be ready for tonight's game but Chuck Stanley may replace Schaville at left half back. Phil Tiratto and Phil DeArment are both nursing injuries but will be in shape to play if needed.

Back Revenge

Mercer will have five members of their 1947 team trying to avenge last year's 12 to 6 Bessemer victory. The Mercer line will average slightly more than 100 lbs. and the backfield will go about 150 lbs. per man.

This game is a crucial one for Bessemer as a win would leave them needing only a victory over Shenango to clinch Tri-County honors while a loss would leave the Tri-County race wide open.

RIFLE CLUB MEETS

There will be a meeting of the New Castle Rifle club at the Armory at 8 o'clock tonight. It was announced by Secretary Paul Carigan.

SUNDAY TRAP SHOOT

Lawrence County Sportman's Association will trap and shoot between 3 p. m. and 6 p. m. Sunday, at their Harbor farm.

Croft Bolsters Ellwood Lineup

Giovannini And Tesone Shifted To Wolverines Backfield For All-Quippa Tumble

(Special To The News)

ELLWOOD CITY, Oct. 22.—Coach Dutch Croft has been experimenting all week with a new backfield combination to bolster the Wolverine attack for tonight's engagement with Alliquippa under the lights at Lincoln Field.

Ellwood made a very poor showing while losing to Vandergrift last week, 14 to 6, and Croft thinks that added backfield strength will supply the power needed for an Alliquippa upset. Joe Giovannini, regular right end has been running in the fullback slot and Hal Warneck shifted to right half. Jack Tesone, a guard, has become quarterback. Bob Abbatiscio and Tony Stramella will replace Giovannini at end and Frank Wolfe is moving in to the vacated guard slot.

Alliquippa brings a three up and three down record to Lincoln Field. The "Quips" lost to Rochester and Ambridge in their last two outings. However, the valley boys looked good last week when they gave the "Bridgers" a tough battle and will be slight favorites to get back on the victory trail against the "Wolverines".

Hunters Warned By Commission

HARRISBURG, Oct. 22.—(INS)—The state game commission today warned Pennsylvania hunters against game law violations when the small game season begins November 1.

"Revocation of hunting and trapping privileges in Pennsylvania will be the penalty for many game law violations, in addition to the fines and costs," declared Game Director Thomas D. Frye.

The payment of only the fines and costs will no longer satisfy the sportsmen of Pennsylvania, so the game commission intends to use its legal authority in denying the hunting and trapping privileges of those who flaunt the laws.

Must Protect Game

Killing game by mistake and reporting the accident as well as delivering the carcass to the nearest game protector relieves the offender of much of the penalty and the danger of revocation of privileges, Fry explained.

"The wildlife of Pennsylvania must be protected against unfair and illegal method of hunting and hunting must be made a safe sport," he added.

CITY BASEBALL League banquet is two days past but so far no explanation has been forthcoming as to why Bob Chances, Pirate pitcher and Pie Traynor, former hot corner man, and ex-manager of the Bucs failed to attend and speak at the banquet. As a result there was no Pirates' tinge, excepting once when Carl Hubband, American league umpire, referred to Home Wagner. There was plenty of color given the Cleveland Indians as Cal told stories of Lou Boudreau, Larry Doble, Satchel Paige, Hank Greenberg, Bob Feller and the ex-Eagle Eye, Tris Speaker. . . . Paul Minner, who was present, after being recalled by the Dodgers, won four and dropped three. Another present, was Lefty Tanner, Joe Stine of Niles, Jackie Conti of Cleveland, Alec Samuels, president of the Lawrence County loop, Fred Shaffer, formerly of Louisville, American Association and Jackie Reider, Braves scout. Another there, was Sheriff Frank Coen. Seated across the table, he confessed to Here & There: "You always accused me of using a nutmeg scraper when I pitched. I'll have you remember, Sir, that I always used Emery paper." . . . Preston Fisherty, president of the Johnson Braves was amongst the guests. City Loop President Len Gilbert paid Pres a deserved tribute, when he said Fisherty was responsible for bringing the Mid-Atlantic club here and turned over Fisherty Field to the City circuit for All-Stars games. Preston has a lot of things he would like to do in recreation, if given support, something Here & There says should be given wholeheartedly. Pres was football and baseball letters at Yale, and hurried after he returned here from the university. . . .

Commissioner Harvey Bush is reported as saying that "if the present field goes, the Seventh ward will get another field". The school board is said to own a tax deed granted in the 30's for the land. During President Len Gilbert's remarks concerning the proposed change, Paul Weller, a Seventh ward businessman interrupted, to remark that the Seventh ward does not desire a shift. The court will decide the controversy between the city and county.

Hickory Tramples
Union High 38 To 0Elliot And Jeffries Divide
Scoring Honors For Mer-
cer County Champs

Hickory High Hornets notched the sixth win of the season last night at Union High field by trampling the Scotches, 38 to 0. The Hornets scored in every period and racked up 19 in the final one. This powerful team from Mercer county could do no wrong, as they completed five out of seven passes and made 14 first downs to three for the outclassed Scotches.

More than 600 partisan fans found little to cheer about during the extremely cool evening. They were, however, treated to an excellent high school version of "Mr. Inside" and "Mr. Outside." Chuck Jeffries, a 251-pound full-back, made two touchdowns and continually plowed through the Union line for huge gains. Don "Peewee" Elliot, a 140-pound fast back, passed well all evening, gained individual rushing honors by running outside the tackles, and scored four touchdowns.

Elliot Tallies

Hickory scored the first time they had the ball, on a 76-yard march. A 52-yard pass, Elliot to Vranes, carried the ball to the five, and Elliot knifed his way over from the two, two plays later. Millich's kick for the extra point was wide. Elliot and Jeffries made five first downs on the next scoring drive as the Hornets went 60 yards. Jeffries carried over center from the three soon after the second quarter began. Half time score was 13 to 0.

Fennell returned the second half kickoff to the Union 38, and six plays later Elliot cut off right tackle from the six for the score. Millich converted. Hedrick returned the following kickoff 50 yards to the Hickory 47. On the next play a Conti-to-Hedrick reverse was good for 35 yards to the 12, and it looked as if Union would score. Scotches cheer soon turned to sighs, however, as the threat bogged down on the 12 and Hickory took over on downs. On the next play Elliot got the Hornets out of the hole by scampering 33 yards down the sidelines to the Union 35. This was the most spectacular piece of running in the game. Seven plays later Jeffries crashed over center from the two on the first play of the last quarter. Millich converted.

Elliot Scores Again

Conti was smothered by the Hickory line on a fourth down punt attempt on his own 32. Elliot passed to Vranes for a first down on the four and then cut over right tackle for the score. Little Peewee then finished off the scoring by racing 24 yards after Hickory recovered a Hritz fumble on the Union 32.

These Hickory lads have a scorching tie with Millcreek as the only blenish on their record. They have already clinched the Mercer county title, and certainly played like champs last night. Hedrick, Conti and Hall stood out for the losers.

Chicago Cubs Drop
Eight Farm Clubs

CHICAGO, Oct. 22.—(INS)—The Chicago Cubs Thursday announced drastic reductions in its farm system.

Jack Sheehan, director of the Cubs' Minor League system, said the Cubs will operate a 10-club system next year, dropping off eight clubs.

With the reduction went such

names as Claude Passeau and Ray Prim, instructors, and Scouts Jack Ryan and Ed Helly.

Clubs dropped were Fayetteville, N. C.; Selma, Ala.; Clinton, Ia.; Marion, O.; Centralia, Ill.; Janesville, Wis.; Elizabethtown, Tenn.; and Lumberton, N. C.

The Cub farm chain now includes Class AAA clubs at Des Moines and Macon, Class B clubs at Springfield, Mass., and Decatur, Ill., and Class C clubs at Visalia, Calif., Springfield, Mo.

State Fearful Of
Outcome Saturday

By TROY GORDON

PITTSBURGH, Oct. 22.—(INS)
—There will be a lot of crossed fingers in Pennsylvania Saturday, and most of them will belong to Penn State's football team, students, coaches, alumni and adherents.

It has been so long since the Nittany Lions have been beaten that it's hard to imagine what it would feel like. But officials admit they're scared to death that Michigan State will show them.

Coach Bob Higgins sums it up this way:

"We feel this will be our toughest game since the Cotton Bowl." In the Bowl at Dallas New Year's Day, Penn State was held to a 13-13 tie by Southern Methodist.

"Michigan State will give us our first real test of the season. Our scouts think the Spartans are better than their scores against Michigan (7-13) and Notre Dame (7-35) indicate.

"Obviously, our defense isn't so strong as when we set that record last year. But our offense is better, and we're concentrating on it in the hope that is the way to beat Michigan State."

For those who don't know, Penn State won nine in a row last year, received the Lambert trophy emblematic of the eastern football title, and have added three one-sided victories so far this season. But none of the opponents to

date—Bucknell, Syracuse and West Virginia—can be classed with Michigan State.

It will be Homecoming Day at State College, and some 25,000 fans are expected to jam the stands. That would be the largest crowd at Penn State since the Navy game of 1923, which is generally credited with drawing 23,000.

Rubber can be reclaimed as many as three times before it loses its elastic qualities.

Bessemer Band To
Wear New Uniforms

The members of the Bessemer High School band have been awaiting impatiently the arrival of their new band uniforms and hats. The outfits have finally arrived and will be worn for the first time at the Mercer game tonight. Unfortunately, the plumes for the hats have not yet

arrived and the hats may have to be worn without plumes for this game.

Miss Anna Marie Searaso, music supervisor, has planned a half-time program with a patriotic motif. The band will first form into the letter "M" and play the Marine Hymn after which they will form an "N" and play Anchors Aweigh. Original plans called for formation of the letter "A" and the playing of The Caisson Song, but time allotted at the half will only permit the playing of

the first two numbers. Mr. Frank Thomas, high school principal, has been acting as drill master for the band.

BOXERS MEET A.S.A.

Local A.S.A. held their first athletic meeting under the supervision of Dr. H. D. Plant. After a discussion the meeting was turned over to two boxers, Lee Leacock and Ross Weaver. Leacock explained the art of self defense as demonstrated by Weaver.
